EDUCATION

Google Coursera
UX Design Certificate | May 2021

Milwaukee Institute of Art and Design
BFA - Industrial Design | May 2011

EXPERIENCE

Keeper Security - Chicago

Senior UX/UI Designer | Oct 2023 - Present
UX/UI Designer | Sep 2021 - Oct 2023

- Headed the complete redesign of the web, browser extension, and mobile password manager apps to have a friendlier, cohesive experience that meets Web Content Accessibility Guidelines 2.2 AA.
- Led the design for creating, storing and managing passkeys, a new type of login credential intended to replace passwords.
- Designed an advanced search system of suggestions and filters chips for consumers and enterprise users to find what they need faster.
- In charge of creating and maintaining Keeper's new design system emphasizing craft, versatility, accessibility, harmony, and ease of use.

Freelance - Remote

Product and Web Designer | Apr 2020 - Oct 2021

Designed a market place and website for B2B services platform Shape Connect, a dashboard and website for retail education platform Progress Retail, and created branding and an ecommerce site for supplement startup Respiratory Recharge.

Galbraith Carnahan Architects - Milwaukee

Architectural Designer | Dec 2017 - Dec 2019

Designed commercial and residential buildings, high end interiors, and custom furnishings. Owned all aspects of projects from inception to completion including client communication, concept development, 3D modeling, accessibility and building code compliance, construction documentation, collaborating with engineers, and working with contractors.

Milwaukee Institute of Art and Design - Milwaukee

Design Instructor | Aug 2015 - Dec 2019

Developed and taught unique design and architecture courses in 3D modeling and furniture design. After completing my courses, students gained architecture internships as early as sophomore year.

The Good Land Studio - Milwaukee

Co-Founder, Designer, Craftsman | Sept 2011 - Dec 2017

Created a design/build studio specializing in original restaurant/home interiors, and bespoke furniture. Involved in all aspects of business including design, fabrication, project management, and financials. Grew the business from small projects under \$3000 to contracts over \$100,000.
